REQUEST FOR A CERTIFICATE OF CORRECTION UNDER 37 C.F.R. 255

Commissioner for Patents
Office of Patent Publication
ATTN: Certificate of Correction Branch
P.O. Box 1450
Alexandria, Virginia
U.S.A. 22313-1450

Dear Sir:

Re: United States Patent No. 7,135,947
United States Patent Application No. 10/765,944
For: HYBRID MICROWAVE T-SWITCH ACTUATOR
Filed: January 29, 2004
Issued: November 14, 2006
Inventor: Klaus Gunter Engel

In accordance with the provisions of 35 U.S.C. 255 and 37 CFR 1.323, the Office is requested to issue a Certificate of Correction. The Patentee hereby requests that the correction be made as indicted on the attached form PTO/SB/44.

The amendment is made to correct an error of a clerical or typographical nature made by the Patentee. Specifically, there are errors in the claims, which occurred in good faith, the correction of which the Patentee submits does not involve such changes in the patent as would constitute new matter nor require reexamination. Specifically, the terms "reduced radius region" and "minimum radius region" are used interchangeably in the claims. The Certificate requests that all instances of "minimum radius region" be changed in the claims to "reduced radius region" to provide consistency of terminology.

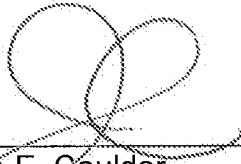

The Patentee hereby requests that the correction be made as indicated on the attached form PTO/SB/44.

The government fee of \$100.00 is included in respect of the fee requirements provided in 37 CFR 1.20(a). Please charge any deficiency or credit any overpayment to our deposit account no. 02-2095.

Respectfully submitted,

BERESKIN & PARR LLP/S.E.N.C.R.L., s.r.l.
